

D E L T A

A R I A N N A

A TRULY GLOBAL CRUISER, ARIANNA'S ALL COMPOSITE, FULL-DISPLACEMENT DESIGN PROVIDES THE ULTIMATE IN EFFICIENCY, SAFETY AND COMFORT.

MASTERFUL OCEAN VOYAGER

Engineered with the fuel capacity and extended range for transoceanic voyages, *Arianna* is remarkably efficient and secure. She's the sixth yacht built to Delta's proven hull design. Onboard amenities of much larger yachts – a private owner's deck, an on-deck gym and sauna, and ample room for entertaining – are folded into *Arianna's* 7,500 square feet of living space. With over 820 gross tons and a beam of nearly 34 feet, *Arianna* has more interior volume than any other yacht her length.

ARIANNA'S EXPANSIVE SUNDECK INCORPORATES CARBON FIBER IN THE CONSTRUCTION FOR ADDED STRENGTH AND REDUCED WEIGHT.

ARIANNA

ENJOY RELAX BEHOLD

SUBLIME

Arianna's outdoor areas invite alfresco dining and relaxation. Sun meets sea on the teak-filled veranda that is *Arianna's* massive top deck. Recharge in the jetted hot tub then bask on an array of chaise lounges. Guests can play all day because respite is one of her chief concerns. *Arianna's* carbon fiber Bimini provides cool shade for mingling around the island bar and conceals a convenient day head while supporting the mast, radar and communications. A frameless vertical glass windscreen protects guests and enhances her exterior lines.

THE ELEVATOR TRAVELS TO ALL FOUR DECKS, ALLOWING GUESTS EASY ACCESS TO HER TEAK-DECKED OASIS.

ISLAND HOSPITALITY

In *Arianna*, Delta's designers created a formidable world cruiser, reflecting the theme, form and fit-out of her owner's well-defined tastes and lifestyle. Indoor and outdoor spaces delight and entertain guests. On the aft deck, comfortable chairs surround an ample banquette for entertaining amidst magnificent vistas. *Arianna's* classic, elegant interiors provide a floating refuge to enjoy ocean life to the fullest.

THE FULLY ENCLOSED GLASS STAIRWELL PROVIDES PRIVATE PASSAGE FROM THE OWNER'S DECK TO AFT AND SUN DECKS.

EVERY DELTA DESIGN BEGINS WITH A BRILLIANT SPARK OF INSPIRATION. THE GENESIS OF ARIANNA WAS THE BIRTH OF THE OWNER'S FIRST CHILD. "I WANTED TO SHARE THE EXPERIENCE OF EXPLORING THE WORLD ON THE SEA WITH MY DAUGHTER AND HAVE HER GROW UP KNOWING THE OCEAN," HE EXPLAINS.

ODYSSEY, REIMAGINED

Boldly go where tourists seldom tread. *Arianna* travels safely to exotic locales like the realm of South Georgia Island's king penguins, a few days from Argentina. Or to seascapes for kayaking with Alaska's orcas and humpbacks. For mooring and maneuvering inland waterways, a swing-out docking station is integrated into *Arianna's* bridge coaming just outside pilothouse doors. The float-in tender garage accommodates a 21-foot Novurania while a smaller tender is stored on the upper deck. Whether you head for the pristine beaches and fauna of the Galapagos or the archipelago of the South Pacific's Cook Islands, *Arianna* promises an incredible firsthand passage to new worlds.

CASUAL ESCAPE WITH TROPICAL

AMBIANCE

Arianna's interior, designed by the Delta Design Group, brings to life an earthy, yet luxurious Polynesian-inspired paradise. As a floating retreat, her layout is all about function, with special emphasis on the private owner's deck, on-deck gym and full-size sauna, and personalized owner's office. Her classic architecture provides the perfect backdrop for an exquisite mosaic of texture and tactile materials that evoke *Arianna's* island aesthetic. Treasures of the natural world are thoughtfully highlighted throughout. Airy, light anigre is the main feature wood, blended with African mahogany, khaya and Makassar ebony to give richness and variety to the décor. Organic textiles, carefully selected for woven, embossed, and stitched details, convey hand-made exclusivity.

EXTRAVAGANT TOUCHES GRACE THE MAIN DECK. THE DAY HEAD'S SPECTACULAR TURQUOISE SINK BASIN WAS MINED IN TURKEY.

SOUTH PACIFIC ECHOES

A gorgeously crafted solid slab table seats twelve along its natural, unfinished edges in *Arianna's* contemporary dining salon. A unique lighting sculpture by a Seattle glass artist adds life with vibrant color and organic shapes. Dramatic, warm tropical woods are accented by Balinese inspired touches and natural textures. Clean, refined organic fabrics complement wall treatments and furnishings. Inlaid fine wool and silk carpets ensure a warm welcome.

HAND-CARVED PRIMITIVE ARTISTRY
REINFORCES THE ISLAND AESTHETIC.

LIVING IN SYNCH WITH NATURE

Delta's designers ensured *Arianna's* interiors harmonize her owner's passion for world travel with his desire for a sumptuous family retreat. The main deck features a wide-open salon with generous seating for cocktails, quiet conversation or a game of cards. Carved wood panels adorn the walls between the main and dining salons, evoking waves on the water or wind ripples on a sandy beach.

SUNLIGHT ILLUMINES BOTH THE OFFICE AND GYM THROUGH HANDCRAFTED STAINED GLASS SKYLIGHTS AND GENEROUS HULL-SIDE WINDOWS.

Prime real estate to explore personal indulgences is found on either side of *Arianna's* main deck. Port side, a fully equipped gym supplies breathtaking ocean views. Its open ambience is enhanced by generous space for free weights, balls, and yoga stretches, and completed with a changing room and day head. A voluminous sauna encourages full submission to this spa-like oasis at sea. Starboard, an expansive, state-of-the-art office enables work in multiple time zones, a must for longer expeditions. Its focal points also include magnificent hull-side windows and an authentic 17th-century German safe, selected and lovingly restored by *Arianna's* owner.

A WORK-OF-ART IN ITSELF, ARIANNA'S OPEN-AIR CONCEPT CENTRAL STAIRCASE CONNECTS ALL FOUR DECKS. WOVEN COCONUT TILES PROVIDE A BASKET-LIKE BACKDROP WITH A CURIOUS NATURAL TEXTURE.

SUMPTUOUS HOME WITHIN

NURTURE

A private owner's deck extends aft of the pilot house, creating an exclusive refuge for family connections. Delta designers maximized private space for intimate gatherings. The master suite is equipped with a spa bath, personal lounge and office, and a private outdoor deck with dining area. Nearby a twin stateroom has been customized for use by family members, children or staff. With the rustic charm of an island hideaway, leather bracelets lash the master bedroom's overhead beams, while rare and ravishing koa wood accents the doors.

A PRECIOUS NATURAL RESOURCE, HAWAII'S KOA TREES CANNOT BE HARVESTED BUT MUST FALL NATURALLY. MASTER CRAFTSMEN MATCH THE GRAIN PATTERNS IN THE DOOR PANELS PERFECTLY.

RECONNECT

An open, breezy lanai provides an outdoor retreat to the master suite. It may be opened to sea breezes or, in cooler latitudes, closed with removable insulating glass panels. It can also be heated or air-conditioned. Perfect for sharing stargazing by night and light breakfasts at sunrise, this private deck features chairs, a cozy rattan chaise and table for four.

UNWIND IN A NATURAL RHYTHM

Like a secret garden in a tropical forest, an immense spa bath is the centerpiece of the master suite. The choice is yours – rejuvenate in an invigorating rain shower or take comfort in a generous soaking tub. With every amenity you can imagine – his-and-hers water closets, double vanity, two walk-in wardrobes and a dressing area – *Arianna's* master head is the ideal spot to renew your spirit.

A PATH OF NATURAL STONES, FIXTURES FASHIONED LIKE BAMBOO PUMPS AND BASINS, INSPIRED BY THE OUTDOORS, ENHANCE THE TACTILE PLEASURES OF THE MASTER HEAD.

SERENE SANCTUARY

The stately private lounge outside the master suite provides a getaway space with a wet bar, comfortable seating and a convenient work desk. *Arianna's* owner envisioned a cozy haven from the world where his family can be truly at-home, at-sea. No matter how many days or miles they travel. This sense of seclusion permeates even the longest of ocean passages, as her captain explains. "The thing I've really noticed is that she is exceptionally quiet underway. All manufacturers are good at insulating the engine room, but in reality, most passage noise stems from a creaky interior. On *Arianna*, the interior is almost completely silent and by far the best I have ever experienced." Delta's expert construction ensures *Arianna's* impressive living areas do not impact her transoceanic performance.

IN THE GUEST STATEROOMS, WHITE PORCELAIN SINKS IN THE HEADS FEEL FRESH AND CLEAN NEXT TO THE CABINERY'S INTRICATELY WOVEN PANELS. BRUSHED METALS AND GENTLY WORN PATINAS PROVIDE RELAXED ELEGANCE.

ARIANNA'S GALLEY IS EQUIPPED TO DELIVER EXCEPTIONAL MEAL AND REFRESHMENT SERVICE. JUST FORWARD, A LARGE WALK-IN COOLER STORES PROVISIONS FOR EXTENDED VOYAGES AND THE ON-DECK CREW MESS PROVIDES A GREAT VIEW FOR THE CREW TO ENJOY.

CONFIDENCE OF COMMAND

Arianna exemplifies Delta's leadership in composite yacht construction. For long-range cruising, *Arianna* is fuel efficient and ergonomically solid. Twin caterpillar 3512b engines provide *Arianna* with a cruising speed of 14.5 knots and a maximum speed of 16 knots. She carries 21,900 U.S. gallons of fuel and has a range of over 5,000 nautical miles. Her seakindly hull is aided by Quantum Zero-Speed Stabilizers. *Arianna* is proof positive that Delta's reputation for building seaworthy, quality vessels is built on years of experience and the drive to create innovative and beautiful yachts.
